## The 2019 FMxtractor®

Part of Sports Medicine Concepts' |FLAWLESS| Suite

### | INSURANCE | Benefits of the FMx4®:

- Efficiently removal of ANY football helmet facemask to provide **Lifesaving Airway Management!**
- Rapidly remove barriers to thoracic access and **Lifesaving CPR and Defibrillation!**
- Quickly remove obstacles to proper **IV Placement!**
- Prompt opening of valve regulators to initiate **Oxygen Therapy!**
- Easily remove uniforms, tape, braces, cleats, and other protective athletic equipment that is a hinderance to providing **Critical Care for Extremity Injuries!**

### Features of the FMx4®

End Effectors specifically designed to unscrew traditional hardware, disengage Riddell's Quick-Release™ and Schutt's Quarter-Turn™ facemask attachment systems!

Dual stage ratcheting mechanism, Adaptive Buttress™, and CleaverBlade™ ensure efficient cutting of any football face mask fastener or retainer!

Rescue cutter slices through shoulder pad straps, laces, jerseys, and undergarments for quick access to an injured athlete's thorax!

O<sup>2</sup> wrench opens oxygen tanks to initiate oxygen therapy during emergencies such as anaphylaxis, asthma, respiratory distress, or advanced cardiac life support!

Rescue cutter rapidly cuts through pants, protective equipment straps, braces, pads, athletic tape, and footwear!
